## 5. I.T. tips and tricks for completing the online course

- **Use an up-to-date web browser.** We recommend Google Chrome, Microsoft Edge, Mozilla Firefox or Safari. We do not recommend Internet Explorer.
- **Do not use the back button on your browser.** If you need to go back to the course page, always use the 'Save and back' button, which is in the top left corner of the page.
- **Save your progress.** We recommend using the 'Save and back' button regularly throughout your training, at least every 20 minutes. If you do not save regularly and you leave the page, you may lose all your progress.
- **Returning to your course after a break.** You may need to log back into Plink and click on your course. It will allow you to resume where you left off, if you used the 'Save and back' button before taking a break.
