### **Department for Education cancellation of a course**

In the unlikely event that the Department for Education is unable to deliver a course in which a student has enrolled and paid fees, the student will be offered the following options:

- a full refund of all fees
- a transfer to an alternative Department for Education course
- a transfer to an alternative course offered by another provider. If the student chooses a full refund, it will be processed within 14 days of receipt of written application. Refer to the Tuition Protection Scheme website <https://tps.gov.au>. If the student transfers to another Department for Education course, a new Letter of Offer will be issued and a new Acceptance of Offer will need to be signed. If the student intends to transfer to an alternative education provider, they will be required to provide a valid Letter of Offer as evidence.

### **Deferment or cancellation of student enrolment**

A student can request to defer their enrolment in the following circumstances:

- illness verified by medical certificate
- verified family bereavement
- financial circumstances, home country upheaval/ disaster

All requests for deferment must be made in writing with supporting documentation for evidence. The maximum deferment period is six months. A revised Letter of Offer will be necessary if the student's late arrival results in any variation to the end date of their course. The Department for Education can initiate the cancellation of a student's enrolment under the following circumstances:

- breach of a visa condition by student
- misbehaviour by student
- student default in payment of fees
- failure to declare a pre-existing medical condition
- information provided on application or during enrolment is found to be incorrect, incomplete or misleading. Should this happen, the student/parent will be notified in writing.

### **Department for Education Refund Policy**

All refunds will be processed according to the requirements of the Education Services for Overseas Students (ESOS) Act and the Department for Education policies and procedures. The table on the following pages sets out the circumstances where refunds will apply and the amounts that will be paid in each circumstance.

### **Refund process**

All requests for a refund of fees must be made in writing and accompanied by evidence within 12 months of the student exiting the international student program. If the student is under the age of 18, the request must be signed by the student's parent/legal guardian.

The refund will be payable in the name of the parent/legal guardian unless notification has been received from the parent/legal guardian indicating another person/entity is responsible for the payment of fees.
