

# Become an International Student Ambassador in 2022!

## Meet, Mentor and Make Memories

Help support international students and promote studying abroad in South Australian Government Schools by becoming an International Student Ambassador in 2022. The International Student Ambassador Program offers current international students the opportunity to share their experiences, provide advice and build life-long friendships with fellow and potential international students.

## Why become an International Student Ambassador?

- Meet with like-minded international students who are looking to study in South Australia.
- Opportunity to work with the South Australian Government Schools Marketing Team, becoming a 'face' of the brand and featuring on our social media channels.
- Build your CV with extra-curricular international student ambassador mentoring activities and be provided with a reference from International Education Services.
- Build your confidence in social settings and with the English language.
- Make new friends, have new adventures, and explore many events and activities South Australia has to offer!

*"I love all the extra programs that are run by IES, it is where I have met many of my friends"*

- Muriel (China),  
International Student Ambassador
