

IT'S ABOUT YOUR PATHWAYS, YOUR FUTURE

International Education Services
invites you to attend the

TERTIARY EXPO

for international students in years 10-12

Friday 25th May, 2018. 2:00-4:00pm
The University of Adelaide (Enter via the Atrium of Inγκarni
Wardli)

EXPLORE YOUR PATHWAYS...

...at university: South Australia has several universities to choose from, with some campuses in the city centre. There is an extensive range of courses and subjects on offer, so you can select the academic pathway that is right for you.

...in hospitality: a career in hospitality can take you all over the world. With so many focus areas to choose from, hospitality pathways allow you to tailor your career to your own interests.

...in a trade: are you fascinated by how things work? Do you like working with your hands? A VET pathway could be the right choice for you!

WHAT WILL YOU DO NEXT..?

South Australia offers international students so many choices and pathways - sometimes it can be hard to choose!

Come along to the **Tertiary Expo** to receive expert advice on what is available to you, and how to make the right choice for your future. Representatives from many of our tertiary institutions will deliver informative presentations to help you better understand your options. There will also be an opportunity for you to meet these representatives and ask them about programs offered by each of their institutions.

"...the expo is very useful and puts students directly in touch with tertiary providers"

-Phil Wilson, Assistant Principal, Adelaide High School

"The information booth was very helpful. It provided me the opportunity to ask in-depth and individual questions and interact with representatives from various institutions for the first time. I went to every single booth and made friends with the student representatives. The presenters are friendly and willing to help. They are experienced and ready to answer my questions."

- 2017 student attendee

"Our students had a great time and especially enjoyed talking with many of the representatives from the universities and gaining an insight into what university life is like."

- Angus Fisher, Teacher, Hamilton Secondary College

"The expo assembled most of the tertiary institutions and delivered compacted information, which enabled us to compare them better. The session is also Internationally focused, and provides helpful and related information. The structure of the session – presentation and then information booth - is genius."

- 2017 student attendee
